4. **Cease Firing:** Immediately stop shooting when anyone calls "Cease firing."
5. **COLD Range:** Shooters must check with others to ensure firearms are unloaded, actions open and firearms laid down on the shooting bench before going down range. No one is permitted to handle any firearms or stand at the firing line while there is a cold range.
6. **HOT Range:** Shooters must check with others to ensure there is no one down range; when the range is declared "HOT" shooters are permitted to commence firing. Only shooters are permitted on the firing line. Shooters may move safe guns to and from the firing line only when the range is "HOT."
